Refractive Surgery

Welcome to our practice, University Ophthalmology Associates! Thank you for choosing us as your eye care provider.

What to expect on your first visit:

We will perform a thorough eye examination on the first visit that includes a vision check, checking for glasses, screening for glaucoma and a dilated exam of your retina. We require a full dilation for any new patient to ensure that we can perform a complete examination of your eyes. Dilation of the pupils is achieved with eye drops and takes 30 minutes to reach the full effect.

***** Please allot 90 minutes for your first visit. *****

What to bring on your first visit:

- Valid ID Card, such as a driver's license
- All medical insurance cards
- Medication list
- All current eyeglasses
- Contact lens prescriptions or boxes

PRE-REGISTRATION

Our electronic medical record system is integrated with Rush University Medical Center and you will register your information with the Medical Center. **Please pre-register prior to coming to your appointment as it can delay your appointment up to 20 minutes if not done in advanced. If you are unable to pre-register, please arrive 20 minutes early to register at the time of your appointment.**

Pre-Registration: (312) 563-4060

Hours: Monday - Friday 7:00AM – 7:00PM, Saturday 8:00AM – 4:30PM
Best times to call are between 7:30AM – 11:00AM Mon – Fri or on Saturday.
Please have your insurance information ready.

Please fill out the enclosed forms and bring them with you to your appointment.
